

Congratulations! We are so excited to get working on Our Town with all of you! First, we want to thank each and every person who interviewed. It was a joy getting to hear all of your ideas and experience your passion for the craft. We are thrilled to get started with the production and look forward to working with all of you. Please take the weekend to gather your thoughts and bring any questions you may have for the directors to the first meeting.

REMINDER

Everyone is required to be in attendance in the theater Monday, November 29th at 6PM for our production meeting/read-through of the script with the all cast and crew. Please wear (or bring) a black shirt as we will be taking the program headshots at this first meeting! Also, bring a binder to put your script in with writing (and or highlighting) materials to start marking your scripts.

There will be a parent meeting that same day from 8-9PM in the cafeteria. Your parents should receive an email about this shortly.
